

PETER CANNON

1083 Eastgate Dr. Provo, UT 84606 psc7@email.byu.edu

EDUCATION

- Present **Brigham Young University** **Provo, UT**
Seeking MBA and MS in Mechanical Engineering. Scored 700 on GMAT (93rd percentile).
- 2001 **Brigham Young University** **Provo,**
UT
Graduated Magna Cum Laude. University GPA of 3.95. University sponsored full tuition scholarship, Marigold Saunders scholarship, Edwin S. Hinckley Scholarship. Dean's list. Member Tau Beta Pi.

EXPERIENCE

- 2002 **Alcoa Packaging Machinery** **Denver,**
CO
Completed an eight month manufacturing engineering internship
- Created detailed work instructions and best practices documentation for assembly process on newly acquired product lines.
 - Developed preliminary layout and task breakdown for implementation of a flow line on the shop floor.
 - Cooperated with union employees to identify and develop best practices in assembly department
- 2001 **Goodrich Corporation** **Pueblo,**
CO
Completed program engineering internship during summer of 2001.
- Conducted experiments on manufacturing processes to establish process specifications.
 - Authored company wide technical reports on results and conclusions of experiments.
 - Performed engineering tests on raw materials and in-process parts
 - Experienced professional working atmosphere working closely with engineers, managers, machinists, technicians, laborers
- 2001 **Brigham Young University** **Provo, UT**
Completed Senior Capstone Project sponsored by the Mechanical Engineering department. Part of a ten member team that designed, manufactured, tested, and raced an off-road vehicle in the SAE 2001 Mini-Baja West competition.
- Learned intricacies of the engineering design process in both a theoretical and practical setting.
 - Produced extensive technical documentation of the project and its progress
 - Gained hands on machine shop experience in welding, turning, milling, and using other machine shop equipment

SKILLS

Computer Experience with Unix, Windows, Excel, Word, PowerPoint, Pro/E, Matlab. Limited C programming experience.

Language Fluent in Spanish.
